

AFReG 5 African Diaspora Christian Conference Education Innovation Hub

Conference Dates: April 29 - May 01 2026

The Education Innovation Hub seeks to reimagine education for people of African descent by addressing the limitations of current systems and advancing a more holistic, future-focused model. It will bring together educators, and thought leaders to explore reforms that prioritize emotional well-being, critical thinking, cultural relevance, and preparedness for the evolving global economy, including AI and entrepreneurship. With a strong emphasis on collaboration across institutions and regions, the Hub aims to catalyze practical strategies for curriculum transformation, youth development, and long-term educational systems change that supports both individual potential and community advancement.

Conference Sessions

There will be two discussion sessions at the conference on April 29 and 30, followed by presentations on May 1 outlining the solutions and outcomes the conference will commit to act upon. Areas of focus by presenters on April 29 include:
